Mahendra Aggarwal
Chairman, SDGI

From The Desk of Chairman

It is the subject of great pleasure that Suresh Deep Polytechnic is issuing newsletter. It reflects the holistic approach of team Polytechnic. In the education system, the teacher plays the role of parents and owns the responsibility to inculcate value education among students. In this perspective, SDGI is committed to the society.

I wish to the bright future of Suresh Deep Polytechnic team.

Akhil Aggarwal
Vice-Chairman, SDGI

From The Desk of Vice Chairman

"Education is not the learning of facts but the training of mind to think"- Albert Einstein.

I am very glad to know that Suresh Deep Polytechnic is taking initiative to release news letter. It is the true showcase of the whole activities of the Institute which happened inside the campus as well as outside the campus. It brings out the creative mind set, thought process and skills on the platform.

My best wishes to all faculty members and Students.

Director Message

Suresh Deep Polytechnic was established in 2014 as a constituent of Sunder Deep Group of Institutions to serve the society by delivering quality , Diploma in engineering education to pass out of schools and transforming them into employable skilled. After 06 years of service, we feel proud that many of our students have established their identity in Industries & Government organizations.

B.K. Varshney
Director- SDP

During these years the college has grown in infrastructure, social as well as knowledge place marketing understood the true need of the students to make them employable and good citizens of the country. Our experienced faculty members follow a well defined teaching-learning process to guide and motivate the students to gain the technical and soft skill along with personality traits and ethical practices as per the need of the industry and society. We believe that we have many more miles to go towards achieving stiff targets of academic excellence before we stop. Through continuous improvements, we are pursuing towards the target of great students satisfaction.

From The Desk of Editor

Today we are living in the era of Information Technology. News Letter is one medium to transmit the information at a large geographical area. It is the showcase of the activities of the college through which one can know about the main objective of the SDGI. Team of Polytechnic puts its whole efforts to transform the coming students and sharp their knowledge, shape their behavior, implement positive values among them.

We always focus on quality education and want to achieve high targets. We try to show each and everything related to the academic as well as co-circular activities. It is the mirror which reflects everything clearly. I am very grateful to the honorable chairman Sir, Vice Chairman Sir, Director Sir and all faculty members who support us to bring out this newsletter.
